

SHARE YOUR NEST

Therapists supporting future therapists

Our mission is to support diversity among the allied healthcare professions. We connect students with local hosts to lessen financial hardship of completing their clinicals

We currently have 130 potential hosts throughout over 130 cities in 36 states

[SHAREYOURNEST2021.WORDPRESS.COM](https://shareyournest2021.wordpress.com)

HOW IT WORKS

STUDENTS

Students reach out to us with their city, placement dates, and any special needs

HOSTS

Hosts reach out to us with their location, amenities, and any specific parameters

Once a potential match is made, we connect hosts and students so they can meet (virtually) and see if it is a good fit.
